AVAILABILITY OF INSTITUTIONAL AND FINANCIAL AID INFORMATION

Availability of Institutional and Financial Aid Information

Advanced Beauty College welcomes the following resources and cooperates fully, but does not have control over:

1. Pell Grant (Federal Student Aid)
2. Texas Department of Assistive & Rehabilitative Services

The institutional also offers private scholarships. Please contact the Financial Aid Office for further details.

Assistance in Obtaining Institutional or Financial Aid Information

To request more information on obtaining institutional or Federal Student Aid, please feel free to contact our Financial Aid Department directly by calling (214) 492 – 2076. Eligibility for federal student aid is based on financial need and on several other factors. The financial aid administrator at the college or career school you plan to attend will determine your eligibility.

To receive federal student aid, you must:

- demonstrate financial need (except for certain loans).
- have a high school diploma or a General Education Diploma (GED) certificate, meet other standards your state establishes that the Department approves, or complete a high school education in a home school setting that is treated as such under state law.
- be enrolled or accepted for enrollment as a regular student in an eligible program.
- be a U.S. citizen or eligible noncitizen.
- have a valid Social Security Number.
- register with the Selective Service if required. You can use the paper or electronic FAFSASM to register, you can register at www.sss.gov, or you can call 1-847-688-6888. (TTY users can call 1-847-688-2567.)
- maintain satisfactory academic progress once in school.
- certify that you are not in default on a federal student loan and do not owe money on a federal student grant.
- use federal student aid only for educational purposes.

Students with intellectual disabilities can receive federal student aid under the Federal Pell Grant Program, FSEOG Program and Federal Work-Study Program. To be eligible, you must be enrolled or accepted for enrollment in a comprehensive transition and postsecondary program for students with intellectual disabilities at an institution of higher education; be maintaining satisfactory progress; and meet the other student eligibility criteria.

The Higher Education Act of 1965 as amended (HEA) suspends aid eligibility for students who have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). If you have a conviction(s) for these offenses, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) or go to the [FAFSA on the WebSM](#) site, click on "Before Beginning A FAFSA" in the left column, then click on "Student Aid Eligibility Worksheet" to find out how this law applies to you.

If you have lost federal student aid eligibility due to a drug conviction, you can regain eligibility if you pass two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education.

Civil Commitment for Sexual Offenses - A student subject to an involuntary civil commitment after completing a period of incarceration for a forcible or nonforcible sexual offense is ineligible to receive a Federal Pell grant.

Even if you are ineligible for federal aid, you should complete the FAFSA because you may be eligible for nonfederal aid from states and private institutions. If you regain eligibility during the award year, notify your financial aid administrator immediately. If you are convicted of a drug-related offense after you submit the FAFSA, you might lose eligibility for federal student aid, and you might be liable for returning any financial aid you received during a period of ineligibility.

If you have a question about your citizenship status, contact the financial aid office at the college or career school you plan to attend.

STUDENT FINANCIAL ASSISTANCE

Terms and conditions under which students receive Title IV:

Students receiving Federal Student Aid must maintain satisfactory academic progress once enrolled in school. SAP is a combination of academic and attendance records.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is intended to be fair and consistent in effectively evaluating students' measurable progress toward successful completion of their course. Student training is measured by attendance and academic grades.

The satisfactory progress policy applies to all students enrolled at Advanced Beauty College, full-time and part-time. A copy of this policy can be found in the School Catalog, which is given to every student before or upon enrollment.

Students are required to maintain satisfactory progress in both quantitative/attendance and qualitative/grading standards. The quantitative progress is required for the student to complete the course within a maximum time frame. The qualitative progress of a student is measured by the grade percent average. Those students that meet the minimums for both quantitative and qualitative progress are considered to be making satisfactory progress and are eligible to receive financial aid.

QUANTITATIVE (ATTENDANCE) REQUIREMENTS:

Attendance is evaluated on a cumulative basis. At each evaluation point, the attendance for the period will be added to the attendance from the preceding periods to determine whether the student will complete the course within the maximum time frame established in this policy. Total hours earned beginning the first day of school and ending the last day of the completed period divided into the student's scheduled hours beginning the first day of school and ending the last day of the completed period.

$$\frac{\text{Student's Actual Hours Attended}}{\text{Scheduled Hours}} = \text{Cumulative \% of Attendance}$$

In order to be considered making satisfactory progress, students must complete his/her program in no longer than 150% of the contracted length of the program. A leave of absence will extend the student's contract period and maximum time frame by the same number of days in the leave of absence. Students must maintain 67% scheduled cumulative attendance in order to meet satisfactory progress.

Full-Time students are scheduled to attend 30 hours per week.

Part-Time students are scheduled to attend 22.5 hours per week.

QUALITATIVE (ACADEMIC) REQUIREMENTS:

Students' academic progress will be evaluated based upon written and practical tests. The grading system is as follows:

90 – 100	Excellent
80 – 89	Good
70 – 79	Satisfactory
Below 70	Failing

In order to be eligible to continue receiving Title IV aid, students must maintain a minimum of 67% cumulative attendance and at least a 70% grade point average academically. Students who meet the minimum requirements for successful course completion and academic progress are considered to be making satisfactory progress until the next scheduled evaluation.

WARNING:

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he or she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION:

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory academic Progress. the student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

EVALUATION PERIODS:

First evaluation will occur no later than the earlier of the midpoint of the academic year or course, whichever occurs sooner. Cosmetology student evaluation periods will occur at 450, 900, 1200 and 1500 clock hours. Esthetician student evaluation periods will occur at 375 and 750 clock hours. Manicurist student evaluation periods will occur at 300 and 600 clock hours. Students will be issued a Summary Academic Transcript at the end of each evaluation period. This transcript will have information on cumulative attendance as well as academic grades for each student. Transcripts are also kept in the student's file. Evaluation periods are based on actual hours.

APPEALS:

Students may appeal a negative academic progress determination by submitting the appeal in writing. The student must explain why they didn't make satisfactory academic progress and what has changed in the student's situation that will allow for the achievement of satisfactory academic progress at the next evaluation. At that time, the student will be scheduled to meet with the appeals board which consists of at least 3 school representatives who may be, but not limited to, the school director, instructor and financial aid director. A decision will be made, the student will be informed and it will be documented in the student's file. Appeals will be considered if student has an excusable absence that caused their academic probation. Excusable absences include, but are not limited to, death of a relative, injury or illness, etc. In the event that the absence is excusable, students may be allowed to regain their eligibility for financial aid.

LEAVE OF ABSENCE/RE-ENTRY:

All students, who have withdrawn or taken a leave of absence and choose to re-enter into a course will be placed under the same satisfactory or unsatisfactory progress status prevailing at the time of prior withdrawal or leave. Students re-entering the institution will need to re-enter with the same progress status as when they left. Leave of Absences extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence.

COURSE INCOMPLETES, WITHDRAWALS, REPETITIONS AND REMEDIAL COURSES:

Course incompletes, repetitions and non-credit remedial courses do not apply to this institution’s form of instruction. The school does not issue incompletes and does not offer non-credit remedial courses. Students do not repeat courses. All hours attended are considered attempted. It is not possible for students to withdraw from individual subjects. Students withdrawing from school will received credit for all work successfully completed up to the point of withdrawal. Transfer credit received will not be included in the calculation of the student's GPA. Course incompletes, repetitions, and non-credit remedial courses have no **effect** upon the institution’s satisfactory academic progress standards.

REINSTATEMENT OF TITLE IV AID

Reinstatement of aid is limited to the period under evaluation. Prior periods in which the student was determined ineligible for aid will not be included in the student’s reinstatement of eligibility. Students making SAP by the conclusion of the probation period will have probationary status lifted and will regain eligibility for Title IV aid. A student may be paid Pell and Campus-based funds for the payment period in which he/she resumes satisfactory academic progress.

MAXIMUM TIME FRAME

Students whom EXCEED maximum time frame will have to transfer to cash pay student.

TRANSFERS:

Transfer hours from another institution that are accepted towards the student’s educational program are counted as both attempted and completed for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Federal student financial aid penalties for Drug Law Violations

Any student receiving Federal Aid whom is convicted for any offense, during a period of enrollment for which the student was receiving Title IV, under any federal or state law involving the sale of illegal drugs will result in the loss of eligibility for any Title IV, loan or work-study assistance.

Conviction for possession or sale of illegal drugs that disqualifies them:

- A Federal or state drug conviction can disqualify a student for FSA funds. The student self-certifies in applying for aid that he/she is eligible; ABC is not required to confirm this unless there is evidence of conflicting information.

A conviction that was reversed, set aside, or removed from the student’s record does not count, nor does one received when the student was a juvenile, unless she/he was tried as an adult.

The Chart below illustrates the period of ineligibility for FSA funds, depending on whether the conviction was for sale or possession and whether the student had previous offenses. (A conviction for sale of drugs includes convictions for conspiring to sell drugs).

	<u>Possession of illegal drugs</u>	<u>Sale of illegal drugs</u>
1 st offense	1 year from date of conviction	2 years from date of conviction
2 nd offense	2 years from date of conviction	Indefinite period
3+offenses	Indefinite period	

If the student was convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period. A student regains eligibility the day after the period of ineligibility ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him/her ineligible again. When a student regains eligibility during the award year the college may award Pell for the period of enrollment.

Standards for a qualified drug rehabilitation program:

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company
- Be administered or recognized by federal, state or local government agency or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.

Incarcerated students:

A student is considered to be incarcerated if she/he is serving a criminal sentence in a federal, state, or local penitentiary, prison, jail, reformatory, work farm, or similar correctional institution (whether it is operated by the government or a contractor). A student is not considered to be incarcerated if she/he is in a half-way house or home detention or is sentenced to serve only weekends. All classes and practical studies are done at the school's physical location; therefore, incarcerated students are not eligible for admissions.

Students with Disabilities

Advanced Beauty College is committed to serving the needs of its students with disabilities. Professional staff in the office of Student Support Services ensure that disabled students receive all of the benefits of a comprehensive selection of services, and a formal Student Disability Grievance Procedure provides prompt and equitable resolution of any complaints arising out the College's responsibilities under the ADA Amendments Act, the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and other pertinent federal, state, and local disability anti-discrimination laws.

Advanced Beauty College recognizes physical and mental disabilities that include mobility, sensory, health, psychological, and learning disabilities, and provides reasonable accommodations once the disability is adequately documented. While the institution's legal obligations only extend to disabilities of a substantial and long term nature, it is also the College's practice to honor reasonable requests for accommodations for temporary disabilities such as a physical injury, illness or pregnancy.

It is the responsibility of the student to make his or her disability and needs known in a timely fashion and to provide appropriate documentation and evaluations to support the accommodations the student requests. A student with a disability who requires accommodations must notify Student Support Services, in writing, of his or her desire for accommodations as soon after admission as possible. Students should not assume that this information is known to either of these offices because the student's application indicated the presence of a disability. Once the College has been notified and specific accommodations are appropriately documented and requested by the student, the College works with the student to set up the approved accommodations.

Student Body Diversity

Beginning in 2011, the institution will make available to current and prospective students the following information in the percentages of enrolled, full time students who:

Return to Title IV Policies

The return to Title IV funds is administered by the financial aid department. This policy applies to students who withdraw (officially, unofficially or fail to return from a leave of absence) or are dismissed from enrollment at Advanced Beauty College. It is separate and distinct from the Advanced Beauty College Refund Policy in the school catalog and on the contract. Therefore, the student may still owe funds to the school to cover unpaid institutional charges. The school may also attempt to collect from the student any Title IV program funds that the school was required to return. The calculated amount of the "Return to Title IV Funds" that is required for students affected by this policy are determined according to the following definitions and procedures, as prescribed by regulation.

The Institution has 45 days from the date the institution determines that the student withdrew to return all unearned funds for which it is responsible. The school is required to notify the student if they owe a repayment via written notice.

The Return to Title IV Funds (R2T4) regulation does not dictate the institutional refund policy, however. The calculation of Title IV funds earned by the student has no relationship to the student’s incurred institutional charges.

A school is required to determine the earned and unearned Title IV aid a student has earned as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance.

Withdrawal before 60%:

Advanced Beauty College must perform a R2T4 to determine the amount of earned aid up through the 60% point in each *payment period*. Advanced Beauty College will use the Department of Education’s prorate schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period. The institution must still perform a R2T4 to determine the amount of aid that the student has earned.

Withdrawal after 60%:

For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, Advanced Beauty College will still determine whether the student is eligible for a post-withdrawal disbursement.

Note: Advanced Beauty College has provided an example of the calculation used to determine the amount of unearned aid a student would be expected to repay based on the reported last day of attendance of the term from which a student withdraws.

Example of Calculation:

1. Determine the percentage of Title IV aid earned by the student by taking the clock hours the student was scheduled to complete in the payment period, divided by the total clock hours in the payment period (excluding breaks of 5 days or more AND days the student was on an approved LOA)

$$\frac{69 \text{ (completed hours)}}{450 \text{ (total hours)}} = 15.3\% \text{ (\% of completed clock hours)}$$
2. Determine the amount of Title IV aid earned by the student by multiplying the percentage of Title IV aid earned times the total of the Title IV aid disbursed plus the Title IV aid that could have been disbursed for the payment period.

$$15.3\% \times \$2,366.00 = \$362.00 \text{ (Amount of aid earned by student)}$$
3. If this amount is greater than the total Title IV aid disbursed for the payment period, a Post-withdrawal disbursement will be calculated; if the amount is less than the amount of Title IV aid disbursed, the difference will be returned to the Department of Education.

Withdrawals – Official vs. Unofficial:

The Financial Aid Officer at Advanced Beauty College can provide you with the requirements and procedures for officially withdrawing from school.

A student who withdraws is one who either officially goes through a "withdrawal" from Advanced Beauty College, unofficially withdraws (is administratively withdrawn), suspended, or officially withdraws and submits it in writing to school director.

A student's withdrawal date is determined by using one of the following:

- the date the student began the institution's official withdrawal process or officially notified the institution of intent to withdraw
- 30 days after student's last day of attendance--date used on Return to Title IV as date of determination will be last day of attendance.
- the student's last date of attendance at a documented academically related activity

A student may rescind his or her official notification to withdraw by filing a written statement with the School Director that he/she is continuing to participate in academically-related activities, and intends to complete the term (payment period) for which payment of Title IV funds were or would be received. The rescission of withdrawal is negated if the student subsequently ceases to attend prior to the end of the payment period. The withdrawal date then is the student's original date of withdrawal.

Failure to return from an LOA:

If a student does not return on their scheduled date from a documented Leave of Absence, Advanced Beauty College will withdraw the student 10 days after they were scheduled to return. Their last day of attendance will then be the last day they clocked in prior to the LOA.

Earned AID:

Title IV aid is earned in a prorated manner on a per diem basis (clock hours) up to the 60% point in the payment period. Title IV aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the financial aid director.

In accordance with federal regulations, when Title IV financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:

- unsubsidized FFELP loans
- subsidized FFELP loans
- Unsubsidized Direct Loans

- Subsidized Direct Loans
- Federal PLUS loans
- Direct PLUS loans
- Federal Pell Grants

Advanced Beauty College’s responsibilities in regard to the return to Title IV funds follow:

- providing students with the information given in this policy;
- identifying students who are affected by this policy and completing the Return to Title IV Funds calculation for those students;
- Returning any Title IV funds that are due the Title IV programs.

The student's responsibilities in regard to the return to Title IV funds include:

- Returning to the Title IV programs any funds that were disbursed to the student and which the student was determined to be ineligible for via the Return to Title IV Funds calculation.
- Any notification of a withdrawal should be in writing and addressed to the School Director.
- A student may rescind his or her official notification of intent to withdraw. Submission of intent to rescind a withdrawal notice must be filed in writing.
- Either of these notifications, to withdraw or a rescission of intent to withdraw must be submitted to the School Director in writing.

If you would like examples of the worksheets for this Return to Title IV Funds policy, contact the Financial Aid Director at 214-492-2076.

Post Withdrawal:

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the institution must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don’t incur additional debt. The Institution may automatically use all or a portion of your Post-withdrawal disbursement (including loan funds, if you accept them) for tuition and fees. For all other school charges, the institution needs your permission to use the post-withdrawal disbursement. If you do not give your permission, you will be offered the funds. *However, it may be in your best interest to allow the school to keep the funds to offset any institutional fees incurred while enrolled at the school.*

The school must advise the student or parent that they have 14 calendar days from the date the school sent the notification to accept a post-withdrawal disbursement. If a response is not received from the student or parent within the permitted time frame or the student declines the funds, the school will return any earned funds that the school is holding to the Title IV programs.

If Advanced Beauty College is not required to return all of the excess funds, you must return the remaining amount.

Any amount of unearned grant funds that you must return is called an overpayment. The amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. If you don’t already know what your school’s refund policy is, you may ask your Financial Aid Director for a copy of the refund policy, or refer to your student contract.
